

RESIDENTIAL WEATHERIZATION **WORKER TRAINING NOW AVAILABLE**

The Department of Employment, Training and Rehabilitation issued a Request for Proposal to establish contractual relationships with one or more nonprofit collaboratives to carry out the state's mission of creating training opportunities and new jobs in the field of residential energy efficiency by combining job training with residential weatherization assistance. Funding has been provided through the United States Department of Energy's Low Income Residential Weatherization Assistance Program under the American Recovery and Reinvestment Act of 2009.

Contracts have been signed with 4 entities and approved by the Board of Examiners at their December 8, 2009 meeting. The contact information for the training programs is as follows:
